4. **Team Calendar Review**

Walk through next year's calendar, month by month and made updates were made on the paper copy as we went. Krista to update calendar with those updates but we will wait to finalize until Michelle meets to Jennie to discuss.

*Want to revisit Family Dinner so that we don't need to do a large volunteer ask and that it is not so much work for all involved

Kimberley noted that we need to have better communication about logging your volunteer hours with companies that match for volunteer time (i.e. Microsoft)

Need more work on Spelling Bee logistics and possibly changing to a Wednesday so that we don't impact Ski bus.

Discussed moving the Science Fair one week out to give more buffer in between that and Spelling Bee
Calendar next steps – Michele will take calendar and meet with Jennie to confirm her schedule and then after that provide to Krista to merge the two into a master calendar

5. **Treasurer's report**

Treasurer's books were on hand

Current P&L was distributed and reviewed by Board

Lori Sheppard teacher mini-grant of \$250 – **voted and approved

**teachers submit their receipts for their grants - and some are over and need to be voted on and approved for covering their expense

Suggesting giving them all an extra 10% which is \$25 (this is just the teacher staff – **voted and approved**)

Plan more ET meetings to that we can firm up budget items and budget voting before the May General Membership meeting

May 7th would be the ET meeting where we meet to discuss budget items in order to bring to vote at May 14th General Membership meeting.

6. **President's Report/New Business**

New areas we want to note to circle back on to budget for next year
